

IMPORTANT SAFETY RECALL CAMPAIGN

Transport Canada Recall ID Number: 2025-557

November 2025

Toyo Tire Canada Inc. is conducting a voluntary safety recall of certain Toyo Tires® Open Country® M/T and Toyo Tires® Open Country® A/T III tires.

The following tires are subject to this recall campaign (the “Recalled Tires”):

Brand/Model	Size (Load Index/Speed Rating)	Tire Identification Number Range
Toyo Tires® Open Country® M/T	33x12.50R18 122Q	173BB1P8C0325
Toyo Tires® Open Country® M/T	33x12.50R20 119Q	173A91P9D0325
Toyo Tires® Open Country® A/T III	35x12.50R20 121R	173PX1WEP0325
Toyo Tires® Open Country® A/T III	37x12.50R20 126Q	173CJ148W0325
Toyo Tires® Open Country® A/T III	LT285/65R20 127S	173FJ21A50325
Toyo Tires® Open Country® A/T III	LT285/60R20 125R	173FM17AH0325
Toyo Tires® Open Country® A/T III	33X12.50R20 119Q	173A9184D0325

The Recalled Tires were manufactured at Toyo's U.S. plant in White, Georgia (Plant ID Code 173) and can be identified by examining the sidewall stamping for the Brand, Model, Size, the "Made in U.S.A." mark, and the Tire Identification Number ("TIN"), which includes the Plant ID Code (i.e., the three characters immediately following the "DOT" mark) and the manufacture date (i.e., last 4 digits of the TIN) (collectively, "Identifying Information").

To determine if you have received tires that are included in this recall campaign, please check the Identifying Information found on the sidewall of the tire. If it matches the above identifiers, contact your Toyo Tires dealer.

The illustrations below and on the next page will assist you in determining if you own Recalled Tires.

If you have difficulty determining whether you own Recalled Tires, please contact or visit your Toyo Tires dealer for assistance.

Note: Please be sure to check your spare tire as well.

WHAT IS THE PROBLEM?

Due to an isolated incident in the belt manufacturing process, affected tires may have reduced adhesion within the belt package. Affected tires may experience a partial or full separation of the full tread/belt package, which may lead to a loss of vehicle control and an increased risk of a crash. Drivers may experience localized rapid tread wear, increased noise, vibration and bulging in the tread area.

REPLACEMENT OF RECALLED TIRES

If you own Recalled Tires, please contact the dealer from whom you purchased the tires, or the nearest authorized Toyo Tires dealer, to schedule an appointment to replace the tires.

It is important that all Recalled Tires be removed from service as soon as possible. Replacement tires are readily available, and in the event that your dealer does not have them in stock, replacements will be ordered for you. The Recalled Tires will be replaced free of charge, including mounting, balancing and taxes, if returned to the dealer from whom you purchased the tires, or an authorized Toyo dealer. Please take the owner notification letter you receive to the dealer at the time of your appointment. It will take the dealer approximately one hour to replace up to four (4) tires, not accounting for any wait time.
